

1/4" STAMPING

What is 1/4" Stamping?

Designed to install directly over existing or new concrete, 1/4" Stamping adds style and beauty to plain, cracked and faded concrete. Surfaces rejuvenated without the time and expense of demolition.

- Adds beauty and elegance of natural stone, brick, slate and tile
- Stronger and more durable than regular concrete
- No demolition or removal of existing concrete
- Hundreds of colour combinations
- Cost Savings/less down time
- Interior and exterior applications
